

Rocks and Soils

Soils

- minerals
- air
- water
- organic matter
- additions
- losses
- translocations
- weathering
- clay
- silt
- layers
- peat
- loamy

Characteristics

- absorbent
- texture
- permeable
- non-permeable
- particles
- durable

Human-made

- coade stone
- concrete
- brick
- anthropic

Igneous rock

- magma
- lava
- intrusive
- extrusive
- obsidian
- granite
- basalt
- pumice

Sedimentary

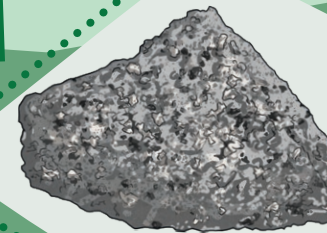

- pressure
- erode
- deposited
- chalk
- sandstone
- limestone
- flint
- coral
- pebbles

Metamorphic

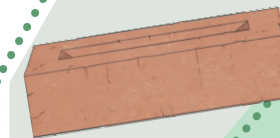

- alteration
- to change
- heat
- pressure
- marble
- quartzite
- slate

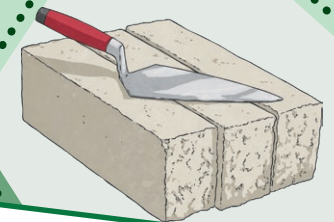

Basalt

Granite

Brick

Concrete
