

Paws, Claws and Whiskers

Big cats, small rats, tiny fleas and buzzing bees!

This half term, we're going to discover that animals come in all shapes and sizes! Meeting pet owners will allow us to ask and answer questions and share information about the pets we have at home.

Later in the Year we will welcome a dog expert, who will advise us as to how we can stay safe around pets.

We will visit the zoo, focusing on classification and groupings. We will use this trip to inform our writing, for example, we will write a recount.

We'll study animal artwork, draw detailed animal pictures to capture their special features and make collages, sculptures and prints.
